

## 68-478 Removal and installation of trim in rear compartment (T-sedan)

---

Fold rear compartment seat system forward.  
Remove and install trim at center pillar, rear (68-475).  
Remove and install spare wheel cover.

- 1 Unscrew screw (arrow, rear) and force sheet metal clamps in wheelhouse range from spot weld flange.
- 2 Remove trim.
- 3 For further installation proceed vice versa.
